

### Hate Crime Grants – October 2018

The North Wales Police and Crime Commissioner received £5,000 from Welsh Government to be spent on Hate Crime Awareness Week 2018. The OPCC worked with PACT to distribute the funding to a number of local third sector organisations. The organisations applied for the funds in order to put on events to mark Hate Crime Awareness Week. In addition the PCC used the funds to purchase publicity material to promote hate crime awareness. This material was used directly by the PCC, as well as being shared with partners and the funded projects.

The information detailed below shows the organisations who were successful in their bids and received funding and also where the OPCC directly used the funding.
